

## Lucca Cast Limestone Studio Fireplace Surround

The Lucca stands out with its striking dual-edge profile, offering depth and dimension through a clean, forked design. Modern yet timeless, it combines sharp lines with recessed angles that naturally draw the eye to the fire. Subtle but bold, the Lucca adds sculptural presence without overwhelming the room, making it an ideal choice for those who want their fireplace to feel both architectural and inviting.

### Your Fireplace Surround Ships Pre-Sealed:

Fireplace Surround

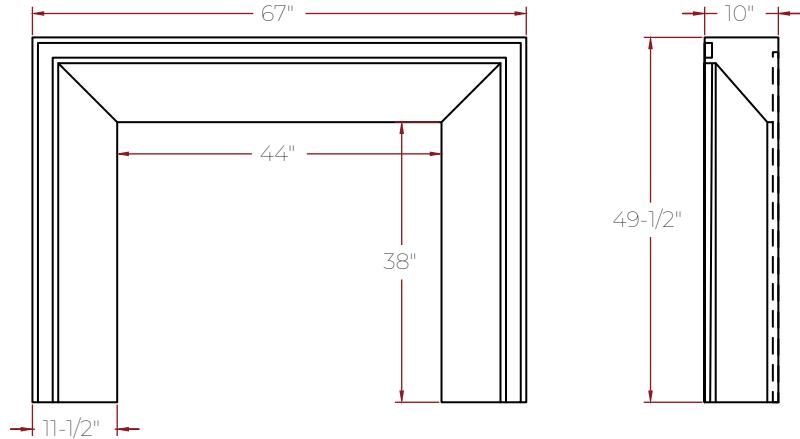

4 Filler Panels

2 panels - 12" x 40" x 3/4"

2 panels - 12" x 60" x 3/4"

## Standard Hearth Cast Limestone Material

The Standard Hearth provides a refined base that completes the fireplace with balance and beauty. Designed to flow seamlessly with the surround, each hearth enhances the overall composition with clean lines and thoughtful proportion. Whether extending beyond the fireplace or aligning perfectly with traditional mantels, every hearth is crafted to bring visual grounding and timeless appeal. For a custom statement, options like floating or wraparound designs are also available.

### Width:

**Standard: 3" wider than the fireplace surround**

Exceptions: Petite Tuscan and New French to match mantel width.

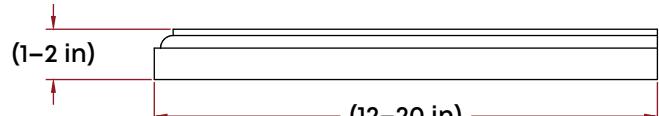

### Height:

**Standard range:  $\frac{3}{4}$ " – 2"**

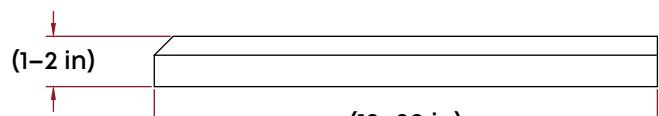

Recommended: 1½" for Monaco and New French models

**Depth: 12" – 20"**

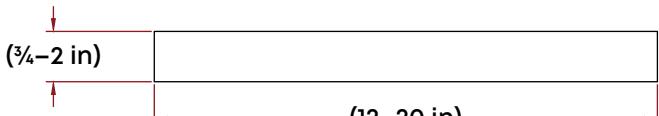

### French Edge

## Standard Filler Panels

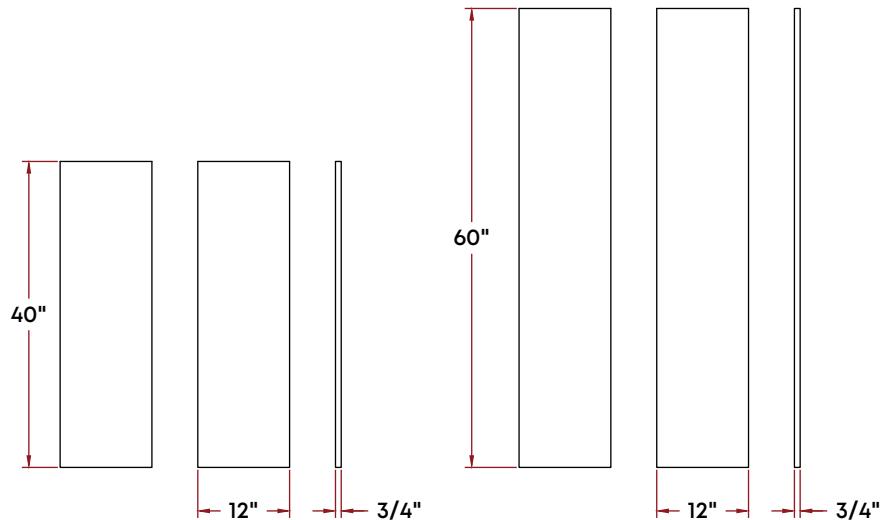

### Cast Limestone Material

Our Standard Filler Panels create a seamless transition between the firebox or insert and the fireplace surround. Made from the same cast stone material and color as your surround, they ensure a cohesive, built-in look and can be installed along the top, sides, or bottom of the opening. Other materials such as marble, granite, or tile may also be used for a customized finish.

2 panels - 12" x 40" x 3/4" - 2 panels - 12" x 60" x 3/4"

Example on a 36" x 30" Fireplace insert

Estimated Weight: 100lbs - Average Compression Strength \*11,000psi
